

Account Options and Descriptions

ZRT Laboratory Payment Options

Domestic Payment Options

Patient to Pay:

- ▶ Provider distributes kits to patients
- ▶ Patient is responsible for payment to ZRT Laboratory
- ▶ We will courtesy bill a small group of insurance companies as a non-contracted provider at the FULL RETAIL PRICE - please have your patients call their insurance carrier to understand their plan coverage before testing
- ▶ Test results are returned to provider
- ▶ Not available for International accounts

Bill Provider:

- ▶ Provider distributes kits to patients
- ▶ Provider is billed twice monthly for any report that has been completed
- ▶ Automatic payment methods are available for provider convenience
- ▶ Patient insurance billing is the responsibility of the provider (excluding Medicare Part B/Medicare Advantage Plans)
- ▶ Test results are returned to provider

International Payment Options

Shipping & Delivery Charges apply on all orders

International Bill Provider:

- ▶ Provider distributes kits to patients
- ▶ Provider is billed twice monthly for any report that has been completed
- ▶ Auto Charge program required with this option
- ▶ The auto charge program authorizes ZRT to automatically bill a credit card on a bimonthly basis for any testing that has been completed
- ▶ Test results are returned to provider

MEDICARE

EZMediCARE kits in dried blood spot are available.

ZRT Laboratory is required to bill Medicare Part B/Medicare Advantage Plans for covered lab services.

For ZRT to bill the insurance companies listed on the insurance authorization form, the following information must be submitted with the sample:

1. Signed Insurance Authorization Form
2. Completed test requisition form, including patient's address and date of birth
3. Front & Back copy of patient's primary insurance card
4. Diagnosis Code(s) (ICD-9) clearly noted on the test requisition form by the physician (separate prescription required if kit originated from a pharmacy)
